

Diary of the Easter Bunny

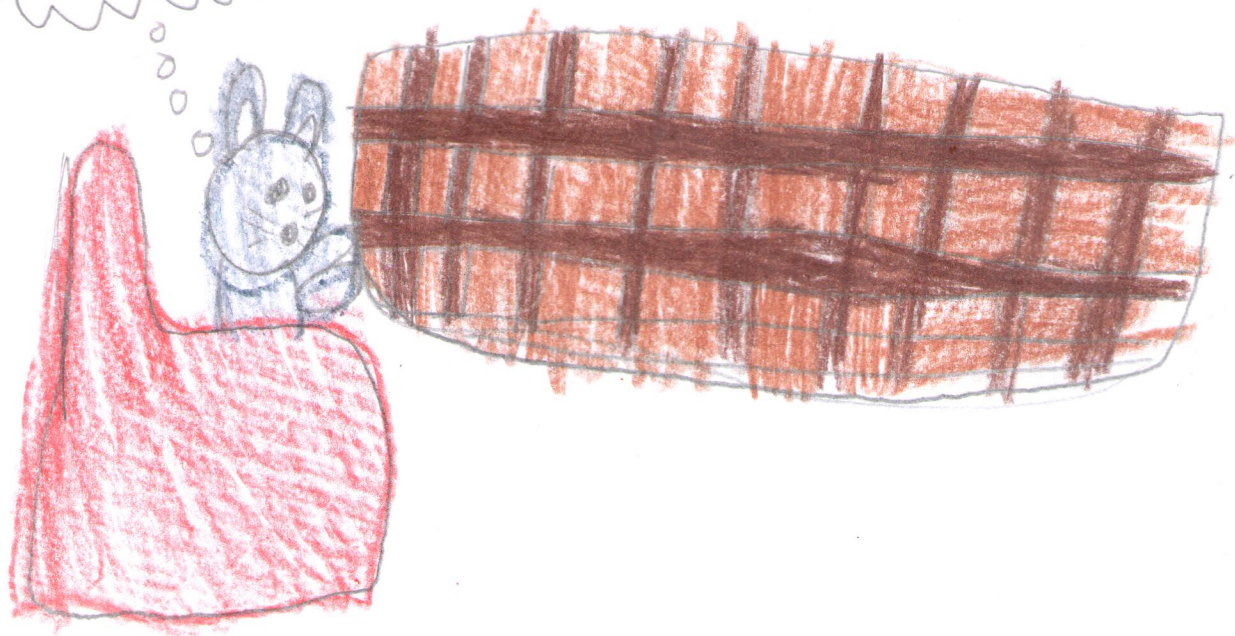

Making
eggs for
Easter
in 2021

By Elizabeth Luu

I made a basket for all the
Easter Eggs. I worked for a very
long time. As it turned out, it was huge.

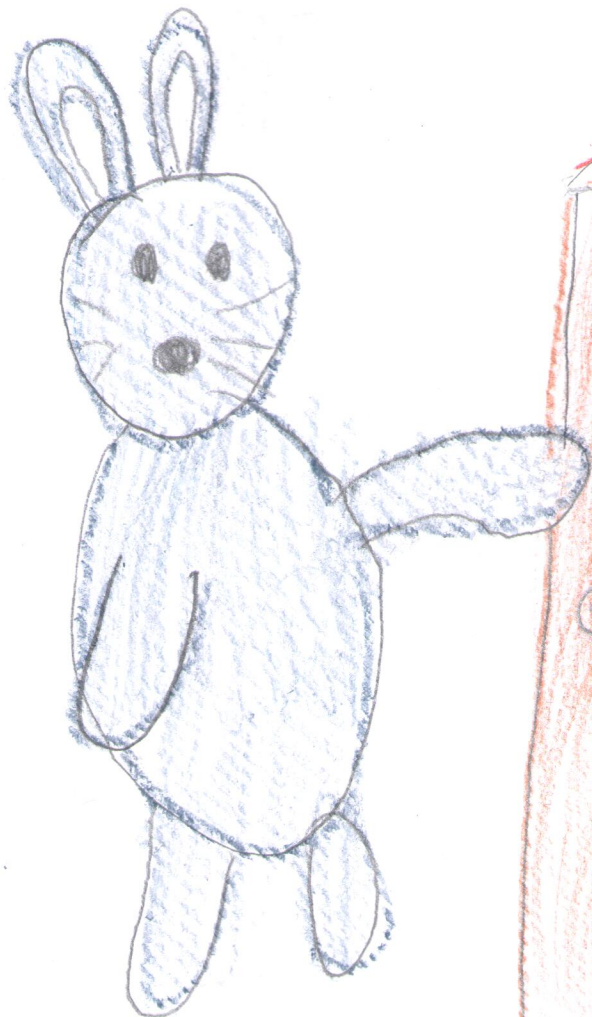

March 25

It's so
heavy.

I went out to gather my
friends so I could have help
with the eggs.

March 26

Most of my friends agreed to
help me. We started painting
the eggs.

March 27

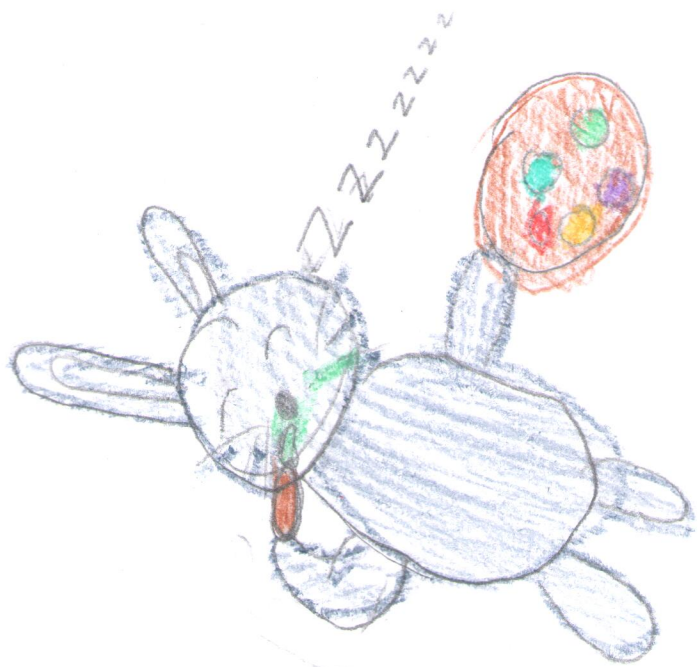

We finished painting the eggs.

My friends and I fell asleep instantly
after we finished. One of my

friends accidentally drew a

mustache.

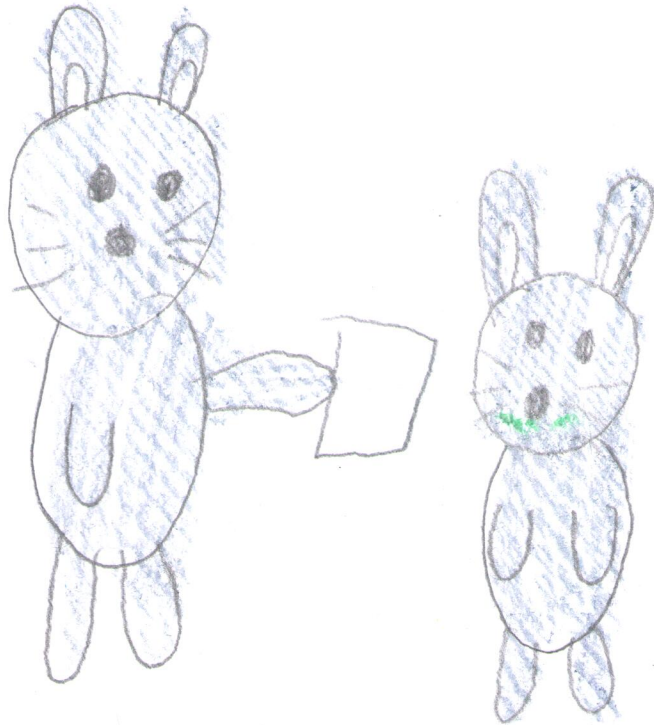

March 28

I helped wash the mustache

off my friend. Then, we

found out that the Easter eggs
were stolen!

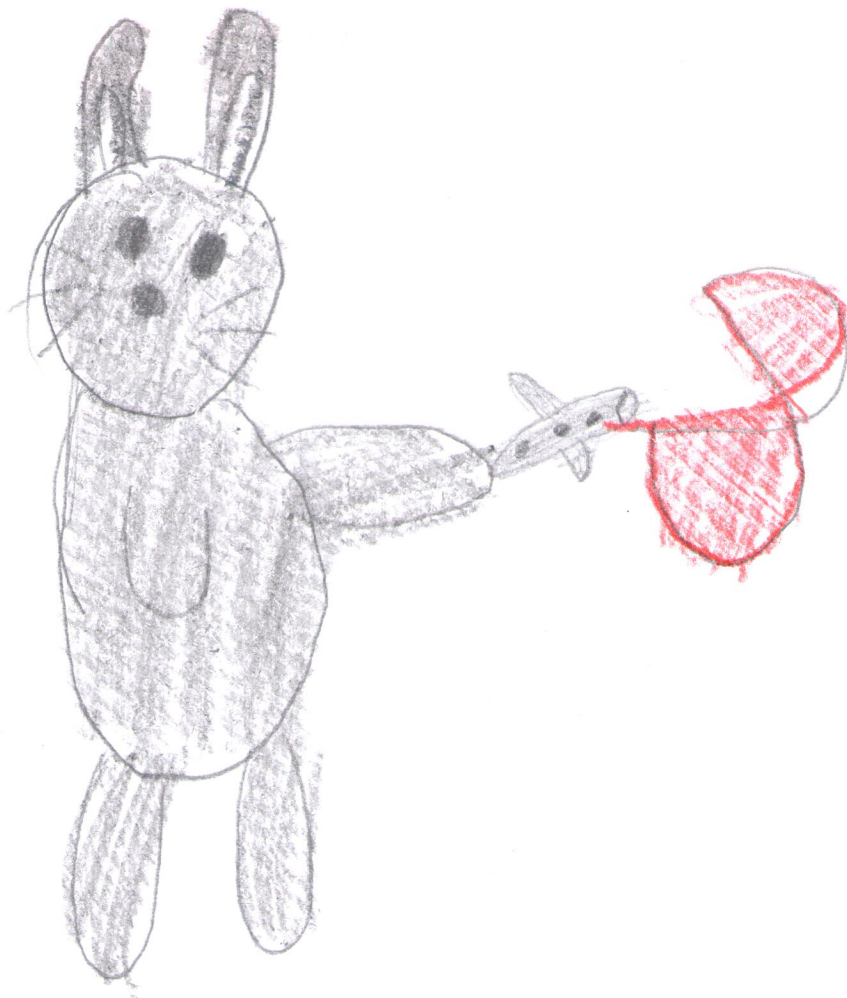

March 29

As it turned out, some human kids
stole the eggs. They were
punished.

March 30

We started making toys and candy
for the Easter eggs. We finished
most of the eggs.

March 31

My friends and I finished making
the toys and candy. We had
a huge celebration.

we had a!

yah!

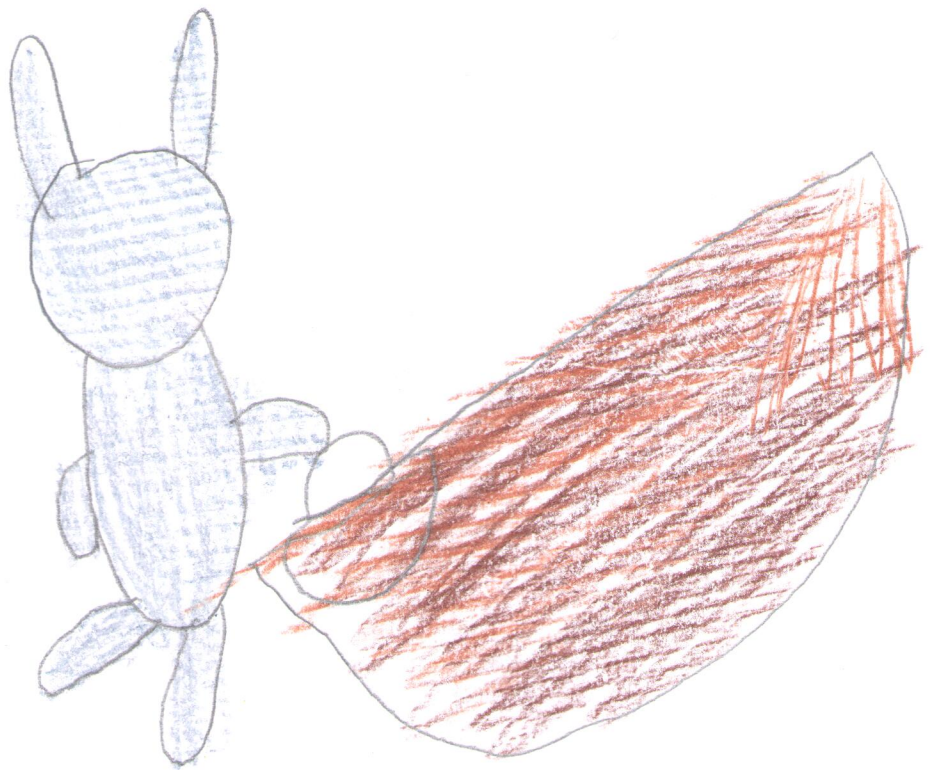

April 1st

We put the eggs into the
basket today.

April 2

Today, I went to give all
of my eggs to children.
