

THE SAD DRAGON

BY ELIZABETH AND CHARLOTTE

Once upon a time
there was a sad
dragon.

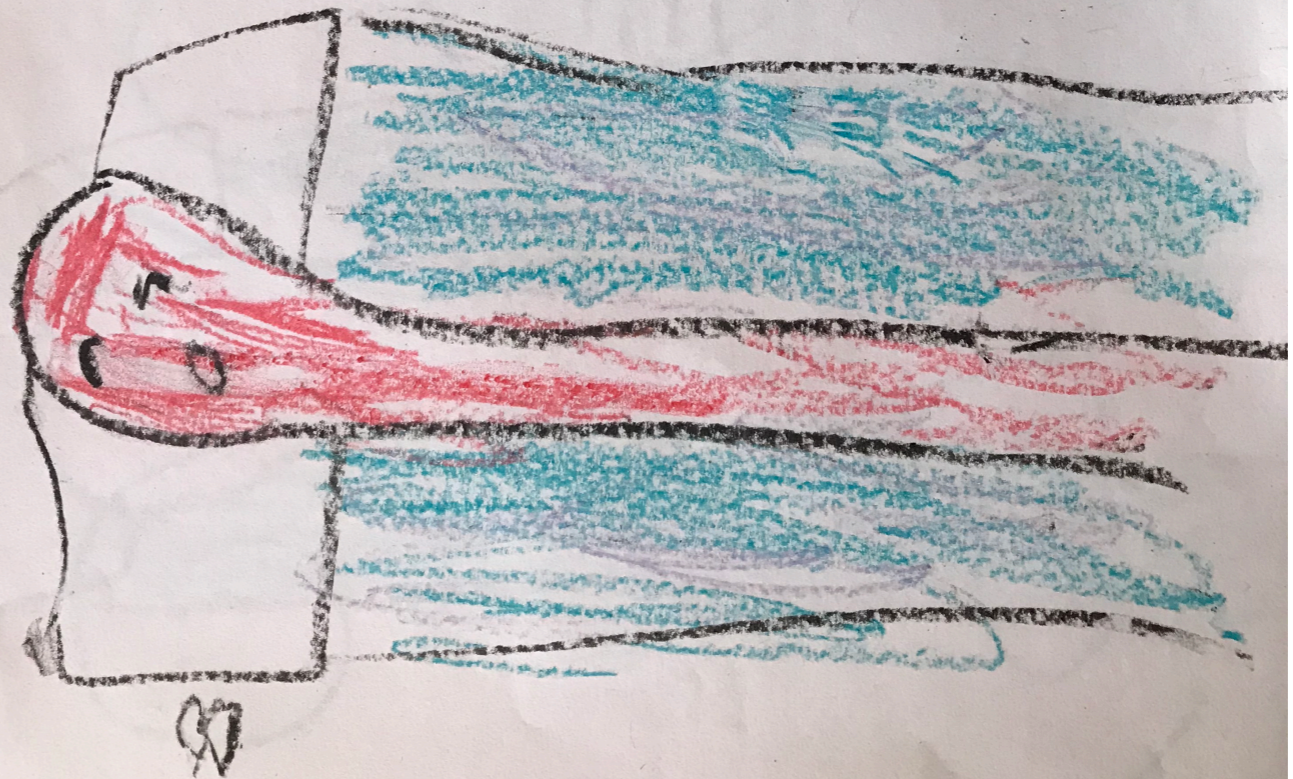

Once upon a time there was a sad dragon.

Then one day he lost
his tooth. The tooth
fairy came. She gave
him the wish that
he had as a ~~child~~
child.

Then one day, he lost his tooth. The tooth fairy came. She gave him the wish that he had as a child. He wished for a baby dragon so he won't feel lonely anymore.

He woke up by the cry of the baby. He said "Yah!" He and the baby dragon lived happily ever after.
